The East Grand Rapids Community

East Grand Rapids High School is one of the Grand Rapids area's most competitive high schools. Nationally, East ranks among the best high schools in the country. Nested within the city of Grand Rapids, East Grand Rapids is a small, sidewalk community, approximately 3.4 square miles in size, where the schools are the center of focus for the community. There is no industry or major business. Housing is well-established and residents stay long after their children leave the school system.

Our motto of "A Tradition of Excellence" is a commitment, a challenge, and an expectation to the students and community. East parents expect the best possible learning environment and rigorous curriculum that prepares students for a successful future. Unique in this day and age, the high school maintains an open campus. Students are free to come and go at-will throughout the day. There are no guards or restrictions on students, provided they act as responsible citizens. It is common to see the students walking in Gaslight Village throughout the day.
